Monero Space Code of Conduct

Last Amended 2020-10-29

Our Pledge

We as members, contributors, and leaders pledge to make participation in our community a harassment-free experience for everyone, regardless of age, body size, visible or invisible disability, ethnicity, sex characteristics, gender identity and expression, level of experience, education, socio-economic status, nationality, personal appearance, race, religion, or sexual identity and orientation.

We pledge to act and interact in ways that contribute to an open, welcoming, diverse, inclusive, and healthy community.

Our Standards

Examples of behavior that contributes to creating a positive environment include:

- Demonstrating empathy and kindness toward other people
- Using welcoming and inclusive language
- Being respectful of differing viewpoints and experiences
- Giving and gracefully accepting constructive feedback
- Accepting responsibility and apologizing to those affected by our mistakes, and learning from the experience
- Focusing on what is best not just for us as individuals, but for the overall community

Examples of unacceptable behavior by participants include:

- The use of sexualized language or imagery, and unwelcome sexual attention or advances of any kind
- Trolling, insulting or derogatory comments, and personal or political attacks
- Public or private harassment
- Publishing others' private information, such as a physical or email address, without their explicit permission
- Other conduct which could reasonably be considered inappropriate in a professional setting

Enforcement Responsibilities

Community leaders are responsible for clarifying the standards of acceptable behavior and are expected to take appropriate and fair corrective action in response to any behavior that they deem inappropriate, threatening, offensive, or harmful.

Community leaders have the right and responsibility to remove, edit, or reject comments, commits, code, wiki edits, issues, and other contributions that are not aligned to this Code of Conduct, and will communicate reasons for moderation decisions when appropriate.

Scope

This Code of Conduct applies within all community spaces, and it also applies when an individual is officially representing the community in public spaces. Examples of representing our community include using an official project email address, posting via an official social media account, or acting as an appointed representative at an online or offline event. Representation of a project may be further defined and clarified by project maintainers.

Enforcement

Instances of abusive, harassing, or otherwise unacceptable behavior may be reported by contacting the community leaders at legal@monero.space. All complaints will be reviewed and investigated and will result in a response that is deemed necessary and appropriate to the circumstances. Community leaders are obligated to maintain confidentiality with regard to the reporter of an incident. Further details of specific enforcement policies may be posted separately.

Community leaders who do not follow or enforce the Code of Conduct in good faith may face temporary or permanent repercussions as determined by other community leaders. Some violations may be considered severe enough to warrant a permanent ban on the first violation. In general, participants who are considered acting in good faith will have more opportunities to rectify their actions as deemed appropriate by community leaders. Community leaders have zero tolerance of covered actions by those deemed to be acting in bad faith.
